EMPOWERING PRESIDIANS THROUGH FINANCIAL LITERACY

“Good money management is good life management.”

In today's fast-paced world, financial literacy has become an essential life skill that every student should possess. To equip the students with the knowledge of the same, an interactive morning assembly session was conducted for the students of Classes IX and X. The gathering was apprised of the importance and usage of crucial financial tools such as Debit card, PAN card, Aadhaar card and Paytm. To help them learn to manage their money efficiently and make informed decisions, the students were also taught the fundamentals of banking services, their benefits and types of accounts offered by banks – savings, current, fixed deposit, etc. by an expert banker. The session aided these students in gaining valuable insight into managing their finances effectively.
